Russel,

I have uploaded all of the information for the Emery Deep Mine from the pipeline into the database. A report is attached.

As a reminder, according to parameters set by the assigned hydrologist, you are still missing samples for:

UT0022616-001 - March sample
UT0022616-003 - March sample
8 - Quarterly sample
EMRIA2 - Quarterly sample
SP-15 - Quarterly sample
SP-14 - Quarterly sample
SP-13 - Quarterly sample
SP-10 - Quarterly sample
SP-11 - Quarterly sample

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.
Senior Reclamation Hydrologist

Pam,

The 1st Quarter water samples for Consolidation Coal Company's Emery Mine are in the pipeline. Upon review of the submitted data the following errors were identified:

Site 3: The comment on bicarbonate as CO3 Should read bicarbonate as CaCO3 not carbonate as CaCO3.

Site 4: The flow should be CFM not GPM

Site 5: The flow should be CFM not GPM

If you have any questions or concerns please let me know.

Thank you,

Russell Hardy
